VOLUNTEERS NEEDED

For questions about specific volunteer opportunities, contact the organization directly.

*Organizational POC's contact information is located on the volunteer position description.

The Volunteer Management Information System (VMIS) is the Army's online volunteer management tool located at : armyfamilywebportal.com.

VMIS is a standardized system across the Army for volunteers to document their service   history. It also allows for reporting of volunteer activity and statistics at the installation, region, and Department of the Army levels. VMIS allows you to document your entire volunteer history as you move from installation to installation.

Per Army Regulation 608-1, all installation volunteers are required to register in this system and document hours by day each month.
