

**Contracted Agencies\***

*\*Non-Exhaustive & Subject to Change based on contract award—no Federal Endorsement Implied. Not all agencies are listed due to Operational Security concerns.*

**Employment Tip 1:** Use a traditional, private-sector resume when applying to any of these organizations—while they might be fulfilling a government contract, they will be adhering to company policies and procedures for hiring.

**Employment Tip 2:** Many of these agencies have the option to create a profile, save a job search, or join their talent community—doing any of those can help ease the stress of a job search by ensuring that you receive notification of opportunities as quickly as possible, and/or open new opportunities for networking.

Many Federal Agencies operate throughout the peninsula, below are only a handful. Some agencies do have additional websites to provide more information about employment processes and opportunities with their organization.

**Employment Tip 3: Positions are oftentimes only open for limited amounts of time (3-14 days).** Motivated job seekers are encouraged to create a profile and save a daily search to allow sufficient time to tailor their resume.

**Employment Tip 4: It is also encouraged to upload any required documents to the USAJobs profile in advance** (ex: DD214, PCS Orders, Marriage Certificate, Unofficial Transcripts, Professional Licensure, SF50, etc.).
